### **The Orthopedic Center of Illinois Congratulates Employee of the Year Duane Meyer, PT**

The Orthopedic Center of Illinois (OCI) is pleased to recognize Physical Therapist Duane Meyer as 2014 Employee of the Year. Mr. Meyer is part of the Midwest Rehab team, the outpatient rehabilitation clinic housed within OCI. He was nominated by a coworker for his diligent teamwork, including working extra hours and going above and beyond to ensure all patients receive the best care possible.

Mr. Meyer received his physical therapy degree from the University of Iowa, and has worked in hospital and private practice settings for more than 30 years. His clinical interests are orthopedics and neuromuscular disorders, and he has been part of the OCI team for five years. Congratulations, Duane!

The Orthopedic Center of Illinois (OCI), founded in 1972, is the region's largest independent, private practice for musculoskeletal care. The practice offers a full continuum of services, including onsite rehabilitation and imaging services. OCI employs the highest level medical and support personnel, with more than 100 employees in Springfield, Jacksonville, Litchfield and surrounding clinic locations. OCI was recognized by the Springfield Business Journal as one the Best Places to Work in Central Illinois and Best Orthopedic Care by the State Journal-Register. Learn more about OCI: [www.OrthoCenterIllinois.com](http://www.OrthoCenterIllinois.com).
