Orthopedic Center of Illinois Welcomes New Physicians

Dr. Ashkon Razavi, orthopedic surgeon specializing in upper extremity, has recently joined the Orthopedic Center of Illinois. Dr. Razavi has a special interest in acute and chronic nerve conditions, treatment and reconstruction of wrist conditions, replacement of joints in the hand and wrist, and traumatic injuries.

Dr. Razavi's education and training include:

- Graduated from The Medical College of Virginia
- Residency, Virginia Commonwealth University Medical Center, Richmond, VA
- Fellowship, Philadelphia Hand Center, Thomas Jefferson University, Philadelphia, PA

Dr. Frank Bender, board certified in physical medicine and rehabilitation, has recently joined the Orthopedic Center of Illinois. Dr. Bender's subspecialty is in pain medicine.

Dr. Bender's education and training include:

- Graduated from The Medical College of Wisconsin, Milwaukee
- Residency, St. Francis Medical Center, Pittsburg Pennsylvania
- Fellowship, University of Pennsylvania Affiliated Hospitals, Philadelphia, PA

The Orthopedic Center of Illinois currently employs 15 Board-Certified or Board-Eligible physicians delivering excellence in orthopedic inpatient and outpatient surgical and non-surgical treatments for disorders of the musculoskeletal system. In addition to the Springfield office, there is also an office in Jacksonville, and clinics in Lincoln and Litchfield.
